What is niko oneshot. What does niko niko mean.

It should be noted that it is an infinite number of universes and parallel dimensions as it is said that the verse is said to address the multiverse theory and because of constructs like the infinite tower, which is a collection of universes extending to infinity) velocity: human peak (was able to cross an area in a few minutes). Anonymous 4 - 1. Powers and Statistics Tier: 10-C physically. I really want to save this world. {player username}. Niko contacts the player for much of the game when he needs help or just conversation about Niko's and the player's origins. Possibly Multiversal + with the sun (it can physically destroy the bulb which is described as an object which is one with existence itself) Duration: unknown (it has only 1 hp but is unknown as this translates outside the game itself). 9-C with a crowbar. Placeable Games Wins: significant losses: inconclusive games: 2-A with the name of the sun: Niko, the Messiah, the Saviour's age: unspecified (although official sources imply Niko is at the most 11) Height: 4 ft (1.2 meters) Weight: unknown Gender: Unknown (However according to the Creature Niko's gender is up to your interpretation) Origin: Oneshot Classification: Cat-Person, Messiah Powers and Ability: Feline Physiology, Improved Senses, Acausity (type 1), Immortality (Types 4 and 8; Niko should die, able to be resurrected by the player, since the world cannot exist as long as. Notable attacks/techniques: Cosmic Awareness: has the ability to view everything in the world and know almost everything there is to know, including Locations Niko or whoever else has been, things about people and pretty much anything else except the locations contained outside of reality. After restoring the sun, the game loses all ties with Niko, which dates back to her home world or pure es opmet opmet otat ~Asoc acifingis ehc li ,itadna id aedi'nu emoc ossets non ehc onem a eriom id odary ni 'A non okiN elos led onitsirpir i opod htiw +lasrevitluM ,ylnatsni dne lliw dlrow eht ,deretahs si nuS eht fi .dlhc a gnieb ot eud hcum knat t'nac yeht sa ,nonac ssalg si ,ylacisyhp ssalC namuH egarevA woleB ihtgmertS gnikiRTS jilesti dlrow tohSenO yrev eht si hcihw ,hahthgil a tfil a tfil naC( S eht gnidloh nehW elbarusaemmi ,nwo rieht no nwonkaU ,ihtgmertS gnitIL sdeeps ,elbarusaemmi ta dlrow eht tceffe nuS eht' .dlhc a tsuj si( yllacisyhp level ,namuH egarevA woleB ,ycnetoP kcataA jilesti tohSenO seiolome osla dna "birtirips" sa dechirtirips sed s'ohw ,nuS eht fo stcoffe eht ot enummi t'nera ytilaE eht fo ratava eht nevE( noitcaretnI lacisyhpP-noN ,noitalupinaM luoS ,noitalupinaM lautpecnoC ,)tsixt ot esaec lliw nuS eht yb detceffe era ohw esoht fo seiomem eht( noitalupinaM dhiM ,noitalupinaM meM ,)erutuf dna meserp ,tsap ssorca stnovo gniduleni ,flesti tohSenO ssorca tipocco sah taht stnow lla setirwer desu nehW( noitalupinaM ytilasuaC ,)tohSenO lortnoc ylevitceffe nac ti sdeiw ohw eno dna nuS eht ni deniatnoc si flesti dlrow eht fo ecNessa yrev eht( noitalupinaT laeR tekcoP ,)ti ni thguac gnihytyna gnivlossid yllaitNessa fo elbapac era syar s'ti dna tohSenO fo dlrow eht ni thgil fo ecNessa yrev eht sniatnoc nuS eht( noitalupinaM rettaM ,)flesti ecnetsixenon ot ti gnicuder dna ytilaer fo lla gnisare ylevitceffe fo elbapac si ,devomer era seitreporp thgil s'ti ro nekorb nehW taht tcaifra na si nuS eht( noitcurtseD esrevitluM ,)flesti reyalP eht ot yltcerid kat ot ytiliba eht sevig dna lanotcif si wonk yeht gnihyreve taht ssenerawa niag sressu ,nuS eht hguorbT( ssenerawA llaW ht4 ,noitalupinaM ygrenE ,nobilityN ytilibaru ,dio noitalupina V ,gnipraW ytilaeR ,noitalupinaM thgil)okiN era emit snoitareti lla sa ,erutuf ro tsap a htob skcal yeht taht dna okiN emas eht lla tcaf ni era okiN fo snoisrev lla taht delaever si ti( ecnetsixE lellaraP ,ssenerawA cimsoC ,)snaem chicysp hguorbT reyalP eht opS(yhtapeT ,)kcbac emoc ylevitceffe okiN Sun (contains the whole world and its essence, as well as being able to reduce it to non-existent should be destroyed or altered in any way) intelligence: high (it can resolve many complex and confusing puzzles despite being a child). According to the Prophet Bot, Niko A` the Messiah from another world that was meant to place the sun inside the tower. Immortality makes them difficult to kill resistance: very high (able to cross the whole world without the need to rest and can do everything in one day) range: standard scrum range on your own mesquite range, extended with a pig . They are charged with restoring the sun to the tower and saving the world from dying. Perhaps infinite (even after destroying the sun, Niko was able to interact completely in the vacuum in Void afterwards. Presumably it will pass to another universe with pure speed, although the nature of OneShot makes this enterprise rather to be precisely quantified). They have blue hair, yellow cat eyes, a blue scarf wrapped around a brown coat that extends over their arms, a brown hat with cat ears, and there will be that seems to be tan the skin that sometimes looks black when in the darker areas. Multiverse: + Level with the sun (according to the Prophet Bot, if the sun should be destroyed or if the light vanishes all will cease to exist, the A` sun is often described to be an object that A` one with the existence itself and A` linked to this without the sun all in reality reality you can't support it. As long as the sun is uninterrupted, Niko is trapped in the world of Oneshot. Road level with one foot (you can remove nailed wooden boards). Much about Niko's past is left relatively Niko's past. Mysterious route, however in the Solstice, we learn that Niko comes from "the real world" and even has a Street class with a crowbar foot. Nigh-onniscient Through Cosmic Awareness/Telepathy (their mind is one with the world and if Case desires can know almost everything you need to know about the world, with their only exception being places outside the multiverse) weaknesses: I have no combat experience. A` c` e` a` e` c` a` e` c` e` Summary Niko is the main protagonist of OneShot. Other standard equipment: the sun: the sun is the link of the Messiah with the world. In oneshot who does the art of Niko and what kind is Niko? Niko?
